Hoosier Uplands Home Health Care

"The Choice of Hoosier Families for Generations!"

Over four decades of local staff caring for our neighbors:

Hospital stays are shortened when **Skilled Nurses** perform dressing changes, remove stitches or staples, instruct on post-operative self-care, or do other treatments in the home.

Psychiatric Trained Nurses provide psychiatric care.

Physical, Speech and Occupational Therapy provide rehabilitation and increased safety at home.

Home Health Aides assist with personal care needs.

Social Services help clients gain their maximum level of independence and wellness.

"Not All Home Health Care Agencies Are Created Equal!"
Based on the Testimonials of our Patients and Families

"Everything done for me has been first rate, top drawer and very professional. I highly recommend their services."

"All people that come over to the house are very nice to my wife and her cats as well. They take very good care of her and respect her very much."

"The Therapist has been very friendly, patient and kind to both my parents and has improved their quality of life."

"These nurses are the best! Treating a person as a whole, providing mental, and emotional support, exactly what nursing is: an art."

Getting Started

Hoosier Uplands Nurses are available to answer your questions. These knowledgeable and experienced nurses will explain which services are most appropriate for you.

"All services are provided without regard to race, creed, national origin, color, sex, age, disability, gender identity, sexual orientation, sex stereotyping, veteran status or lifestyle."

"We comply with applicable federal civil rights laws and do not discriminate on the basis of race, color, national origin, age, disability or sex."

Hoosier Uplands Hospice

"The Choice of Hoosier Families for Generations!"

Over two decades of local staff caring for our neighbors:

Support is provided to help clients/families through the last phase of incurable illness, enabling them to live as fully and comfortably as possible in their home.

Physical Care foocuses on achieving maximum control of symptoms; such as pain, nausea, anxiety and shortness of air.

Hospice Aides assist with personal care needs.

Social Services help clients/families cope with the effects of serious illness and gain control over end of life decisions.

Spiritual Counselors work with clients/families to obtain peaceful resolution of spiritual concerns.

Volunteers listen and help like caring neighbors.

Bereavement Support offers counsel to grieving families during the 12 months following the loss of a loved one.

"Not All Hospices Agencies Are Created Equal!"
Based on the Testimonials of our Patients and Families

"Everyone who I had contact with were professional and caring. I live 1,200 miles away and my interaction with them on an almost daily basis for 30 days was my main venue for info regarding the condition of my brother."

"Hospice Care in helping my husband to remain at home was what made his passing more bearable for me. He was terrified of having to go to the hospital, the nursing home or have more surgeries, but he wasn't afraid to die here and that was what hospice allowed him to do. To die with dignity as he had lived."
