Program Participation and Participant Characteristics

School-Year Attendance

- Actual RAPs: 39
- Proposed RAPs (35): 35

Year 1

Program Hours Offered per Week
(2018-2019 School Year)

- Before School: 2.75
- After School: 2.75

Total Attendance Days: 180
(2018-2019 School Year)

Race
Among 2018-2019 RAPs

- White: 37
- Some Other Race: 1
- Asian: 1

Free and Reduced Lunch
Among 2018-2019 RAPs

- Eligible: 26
- Not Eligible: 13

Participant Grade Level
Among 2018-2019 RAPs

- Elementary School: 39
- Intermediate/Middle School: 0
- High School: 0

Opportunities for 2019-2020

Increase Number of Program Volunteers: Additional volunteers would benefit the program by offsetting staff costs and improving student to staff ratios. This will further strengthen the program’s ability to assist students in meeting their academic goals and the program’s overall academic outcomes performance measures.

Strengthen Family Engagement Opportunities: Program staff should work with school personnel to engage additional families to further increase program enrollment. Collaboration between school personnel and program staff will aid in engaging additional families not already being served by the program.

Strengthen Character Development Activities: Program staff should work with school-day teachers in order to encourage appropriate classroom behavior for students. An example of this may be the afterschool program attending additional school functions to in order to promote the program.
